

Jared Sheehan is the Environmental Compliance Manager for the Pease Development Authority. He oversees environmental projects at two airports - Portsmouth International Airport (PSM) and Skyhaven Airport (DAW), five Port & Harbor locations, and a 27-hole golf course at Pease. With more than 25 years of environmental experience, Jared has spent the last 10 years working with the EPA, NHDES and Air Force to resolve issues ranging from site investigation, permitting, development, compliance, remediation, reporting, and site closure for the former Pease Air Force Base and current Superfund Site. He serves as the PDA representative on the Pease Restoration Advisory Board and Community Assistance Panel focusing on the impact of PFAS at Pease and surrounding communities.
