

Professional Bio

Jorge E. Panteli – Airport Compliance Specialist

Mr. Panteli has over 35 years of airport experience. Since June 2015, he has served as the Compliance and Land Use Specialist for the New England Region FAA. He was promoted to Compliance Specialist with the Office of Airport Compliance and Management Analysis at FAA Headquarters in April, 2023. Prior to the FAA, he spent twenty-two years as a Project Manager in the airport consulting industry completing airport master plans and special studies and five years as a Senior Planner with the Massachusetts Port Authority. He has a broad range of experience from airport planning, working with airport staff and as a Private Pilot that serves his current assignment with the FAA that has been invaluable in collaboratively working with airport sponsors to address their compliance concerns and issues. Mr. Panteli is a graduate of Embry Riddle Aeronautical University Daytona Campus, receiving his Bachelors in Aviation Business and Administration in 1988. He obtained his Private Pilot certificate in 1989. He enjoys spending time with his wife traveling domestically and internationally and when not with her, biking on the roads and in the woods of New England.
