

# DARREN D'ACHILLE, PE

AVIATION SECTION HEAD - PHILADELPHIA

PHILADELPHIA, PA

Darren D'Achille, PE is a Project Manager in the Philadelphia Aviation Department of Johnson, Mirmiran & Thompson, Inc. For over 15 years, he has worked on aviation engineering, planning, and construction projects for a variety of airports, including Philadelphia International Airport (PHL), BWI Marshall Airport (BWI), Naval Air Station (NAS) Oceana (VA), Rickenbacker International Airport (LCK), John Glenn Columbus International Airport (CMH), Joint Base McGuire-Dix-Lakehurst (NJ), Pittsburgh International Airport (PIT), and Reading (PA). Darren's work concentrates on the management of airfield civil design projects for both commercial airports, military installations, and general aviation airports. His experience includes runway, taxiway, and apron pavement rehabilitation and reconstruction projects and support of Pavement Management Programs and Airport Capital Improvement Programs.

Darren is a registered Professional Engineer in the states of Delaware, Maryland, Ohio, Pennsylvania, and Texas and has a B.S. in Civil Engineering, B.S. in Architectural Engineer, and an M.S. in Engineering Management from Drexel University.

Darren is an active supporter of the March of Dimes through leading JMT's March for Babies team and helping to organize the PHL5K on the Runway event that benefits the March of Dimes and the local community. He is also a longtime mentor with the ACE Mentor Program – Philadelphia Region. Outside of his profession, Darren is an avid fitness enthusiast and spends his time camping with his family, coaching youth sports, and practicing Brazilian Jiu Jitsu.
