Mr. Freeman is a licensed architect with over 18 years of architectural experience in corporate, civic, aviation, commercial, government, and adaptive reuse projects. Thomas began his career at Weis & Wolkmann Architektur in Leipzig, Germany as a designer working on adaptive reuse projects. After returning to the United States he worked for several years as an Associate Architect at Enteros Design where he led design and construction efforts on projects throughout Virginia.

As an architect at PSH+ Thomas' responsibilities include programming, design, drawing production, material research, project coordination, and construction administration. Thomas manages staff to ensure projects are successfully executed from their initial conception through final completion. He is detail oriented and thrives on collaborative interaction with clients, staff, and contractors.
